Indulge Yourself...

Pin-up Parties:

Want to take your photos with a group of friends? Get together with at least three other people (4 minimum, 6 maximum) and schedule a pin-up party! Each person pays a session fee of \$200 except the coordinator, who gets her session for free! Each person can bring up to three outfits, and we'll photograph both individuals and groups (if desired).

How it works:

Consultation: Call us to set up a consultation appointment. We'll talk about what we can offer and what kind of images you're looking for. We'll also discuss clothing, costumes, props, makeup and hairstyles.

Session: Most sessions are held in our studio, although we can go on location for an additional \$150. At the session, feel free to bring a friend, if you'd like. We have a private dressing room and robes available. The photographer (Paul) and his assistant (Julie) will be present during the entire session.

Viewing: After the session, you can view and choose your images immediately, or you can set up an appointment for viewing later. If you view later, it gives us time to do an initial edit, taking out blinks and blurries, and maybe adding a special effect or two.

Ordering: We have a large selection of print sizes, collages, wall portraits, albums and "fun stuff". There is no minimum, and we'll help you to choose exactly what you need at a price you can afford. We also offer payment plans, and our work is 100% satisfaction guaranteed.

Sessions:

\$125 - One outfit and up to one hour
\$250 - Three outfits and up to three hours
